SMART ENERGY ACADEMY

Become a Smart Energy Academy Energy Saver

BGE's Smart Energy Academy partners with elementary schools to provide fun interactive lessons on electricity and hands-on learning kits that power students to be super energy savers! Lumi, BGE's virtual energy coach, guides students along the way.

The energy-efficiency education easily integrates into existing teaching curriculum because BGE's Smart Energy Academy offers teachers STEM-focused kits with program content and lesson plans that meet Maryland State Learning Standards for English Language Arts, Math and Science.¹

At no additional cost, students in grade five within our service territory will receive a learning kit full of energy-efficiency materials to use at home, an activity workbook, fun questionnaires and more. With this kit, students can inspire their families to adopt new energy-saving and money-saving habits at home.

Visit BGE's Smart Energy Academy at [BGE.COM/SmartEnergyAcademy](https://www.bge.com/SmartEnergyAcademy) for more information on how to receive kits for your students.

We Honor Women's Equality Day

Women's Equality Day on August 26 recognizes the progress of the women's suffrage movement and celebrates the 19th Amendment that gave women the right to vote. It's a day for us to honor how far we've come and understand how far we can go.

BGE continues to create a corporate culture that fosters diversity, equity and inclusion. We strive for a thriving workforce by prioritizing diverse suppliers and creating robust professional development opportunities for every employee.

Know what's below.
Call before you dig.

Dig Safe

Each year, August 11 marks National 811 Day—a great reminder to call 811 before you dig.

Smart digging means always calling Miss Utility at 811 at least two full business days (but not more than 10) before you begin excavations on any project, from home landscaping and gardening to large construction jobs. A representative will visit your dig site and mark the locations of underground electrical wires, gas pipelines and other utilities.

Call 811 before you dig to help prevent damage to underground utilities that can cause serious injuries, disruptions of a neighborhood's critical services, and expensive penalties and repair costs.

For additional information, visit [BGE.COM/811](https://www.bge.com/811).

¹Maryland College and Career-Ready Standards for English Language Arts ([marylandpublicschools.org](https://www.marylandpublicschools.org/)); MDCCR_Grade5.pdf ([marylandpublicschools.org](https://www.marylandpublicschools.org/)); and Next Generation Science Standards ([marylandpublicschools.org](https://www.marylandpublicschools.org/)).

For more information, visit [BGE.COM/Scams](https://www.bge.com/scams). If a call does not seem like it's from BGE, customers should hang up and call BGE immediately at 800.685.0123.

Stay Safe From Scammers

BGE reminds customers to always stay alert for potential scams that target utility customers. Here are some tips to prevent yourself from becoming a victim of utility scammers.

1. BGE will never ask a customer with a past due balance to purchase a prepaid debit card to avoid disconnection.
2. BGE will never ask customers for information BGE already has, including Choice ID numbers, social security numbers or any other personal information.
3. BGE will not call customers to offer a discount or rebate.
4. BGE will never call customers claiming they have one hour before they are disconnected unless they pay immediately. Customers with past due balances will always receive multiple notifications from BGE requesting payment.

4 Ways to Report an Outage

Should you experience a power outage, notify BGE immediately:

Use the BGE app

Text "OUT" to MYBGE (69243)

Energy Savings Days

Keep energy usage down on an Energy Savings Day and get rewarded! [Learn more at BGE.com/ESDays](https://www.bge.com/ESDays).

Energy Choice

You have the right to choose your own electricity and natural gas supplier. As your energy delivery company, we encourage you to visit [BGE.COM/CustomerChoice](https://www.bge.com/CustomerChoice) to learn more about your energy supply options.

Whether you choose a new supplier or not, BGE will continue to deliver your gas and electricity, maintain the gas and power lines, restore your power after an outage, and respond to gas emergencies.

To provide you with more energy information directly from licensed gas and electricity suppliers, the Maryland Public Service Commission has authorized BGE to provide them with a customer list that only includes account names, account addresses and billing addresses.

Phone numbers are not included on the list. If you do not want your information shared, you can exclude yourself from the list by visiting the supplier contact opt-out section on [BGE.COM/CustomerChoice](https://www.bge.com/CustomerChoice) or by calling 800.685.0123.
