### Messages About Your Electricity Supply

CMP does not generate or supply electricity. We deliver your electricity. Your electricity is supplied by Constellation Energy (33%) and NextEra Energy Marketing LLC (34%) and New Brunswick Energy Marketing Corp (33%).

For information regarding electricity supply options, please see the Office of the Public Advocate website at: <https://www.maine.gov/meopa/electricity/electricity-supply> or contact them at 207-624-3687.

Competitive bidding for the right to supply SOP electricity is supervised by the Maine Public Utilities Commission (MPUC).

CMP provides billing services for your electricity supplier. We are required to bill and collect supplier charges and forward payments on your behalf, in accordance with MPUC rules.

The average price per KWH for your Standard Offer electricity is \$0.118161.

Standard Offer supply prices are increasing January 1. Visit us at [cmpco.com/UnderstandYourUsage](http://cmpco.com/UnderstandYourUsage) to see ways to manage your usage. You can also choose your supplier, and possibly find a better supply price, or by visiting [maine.gov/mpuc](http://maine.gov/mpuc) or [maine.gov/meopa/electricity/electricity-supply](http://maine.gov/meopa/electricity/electricity-supply).

CMP is your energy delivery company. Other companies, not regulated by the MPUC, supply your electricity, which we deliver to you safely and reliably. CMP does not control the supply price though we are required to include and collect the costs in our monthly bills. You will see your supplier and their supply charges itemized on this page.
