The previous average price per KWH for your Standard Offer electricity was \$0.118161. The new average price per KWH for your Standard Offer electricity is \$0.176310

CMP provides billing services for your electricity supplier. We are required to bill and collect supplier charges and forward payments on your behalf, in accordance with MPUC rules.

Standard Offer supply prices increased January 1. Visit us at cmpco.com/UnderstandYourUsage to see ways to manage your usage. You can also choose your supplier, and possibly find a better supply price, or by visiting maine.gov/mpuc or maine.gov/meopa/electricity/electricity-supply.

CMP is your energy delivery company. Other companies, not regulated by the MPUC, supply your electricity, which we deliver to you safely and reliably. CMP does not control the supply price though we are required to include and collect the costs in our monthly bills. You will see your supplier and their supply charges itemized on this page.
