Home Energy Analysis

Want to save on your energy bills but don't know how or where to start? A quick online Home Energy Analysis can point you in the right direction. Just take a few minutes to complete the online questionnaire so you can find out what uses the most energy in your home and what you can do to save more. To get started visit bge.com/HEA.

Call 811 before you dig

Striking an underground utility line while digging can cause harm to you or those around you, disrupt service to entire neighborhoods, and potentially result in fines and repair costs defined by Maryland's Miss Utility law. Never assume you know what is below. If you plan to dig anywhere — from large construction jobs to home projects — smart digging means calling **811** before each job. Learn more by visiting bge.com/811.

Make sure your HVAC unit is ready for summer

Before temperatures rise, schedule an HVAC Tune-up at no additional cost for a more energy-efficient system that can save you energy and money.

Why get an HVAC Tune-up?

Reduce the possibility of equipment breakdown.

Improve your home's air quality.

Improve your home's comfort.

Help the environment.

For more information or to schedule your HVAC Tune-up visit bgeSmartEnergy.com/SummerTune

Natural gas safety

Gas is colorless, tasteless, and odorless in its natural state. Therefore, BGE puts mercaptan, a safety additive in natural gas to give it a rotten egg odor and make it easier to detect. When you call, BGE will respond promptly to survey the area, perform safety measures, and repair BGE's equipment. There is no charge to investigate a gas leak. If you detect a natural gas leak, leave immediately and go to a safe place, at least 100 feet away, then call **911 OR 877.778.7798**. Visit [bge.com/ GasSafety](https://www.bge.com/GasSafety) for more natural gas safety information.

Honoring the cultural vibrancy of Asian American and Pacific Islander Heritage Month

Asian American and Pacific Islander Heritage Month is celebrated proudly by BGE in May, honoring the rich cultural contributions of Asian American and Pacific Islander communities. We honor our exceptional BGE employees who embody excellence and diversity, actively shaping our communities and fostering a brighter future for everyone.

EV Time of Use Rates

BGE offers a special time of use rate for electric vehicle (EV) charging. This customer pricing plan provides the benefit of reduced electric bills to customers who charge their EV during off-peak hours.

Vegetation management

Options for tree trimming near service wires, between poles, or on or near your property are explained below.

- Do not climb trees or trim trees that are located near power lines.
- Maintain a minimum of 10 feet of clearance from energized lines.
- Hiring a qualified licensed contractor who is familiar with the safety requirements is a safer alternative.
- Always keep children away from trees that are near power lines.

Visit [bge.com/ TreeCare](https://www.bge.com/TreeCare) for more information on tree trimming.
