Effective September 1, 2024, the average residential customer, using 811 kWh, will see a monthly bill decrease of \$0.59 as a result of a change in the Transmission Service Charge. For commercial and industrial customers, effects of this change will vary with usage. Transmission charges pay for the costs associated with moving electricity from power plants over high-voltage lines and towers to the distribution system.

It is important that payments are made by the due date in order to stay on the deferred payment plan.

You can help a Delmarva customer in need of assistance with their energy bills by contributing to the Good Neighbor Energy Fund. Simply pay exactly \$1.00 over your Delmarva bill amount and that dollar will be contributed to the Good Neighbor Energy Fund administered by a 501(c)3 non-profit organization in your community. Contributions must be exactly \$1.00 over the billed amount; amounts over \$1.00 will result in a credit to your account. Delmarva Power will also contribute \$1.00 to the fund for every \$3.00 in customer donations, up to \$70,000.
