## Supplier Message

### Standard Offer

Your electricity price for Standard Offer service for the period of January 1, 2025 through December 31, 2025 is \$0.105628 per kWh.

### About Your Energy Supply

You're on Standard Offer. Did you know you can choose your Energy Supplier? Versant Power does not supply energy, but provides billing & payment services on behalf of your electricity supplier.

## Billing Terminology

For further definitions on your energy bill terms, please visit us online at:

<https://www.versantpower.com/accounts-services/understanding-your-bill>

### kWh (kilowatt hour)

The amount of electricity you use is measured in kilowatt hours (kWh) by a meter. For example, a 100-watt light bulb used for 10 hours will consume 1,000 Watt hours, or one kWh.

### Estimated Bill

If we are unable to obtain a scheduled meter reading, your bill will be estimated based on the amount of kWh consumed based on past usage.

### Sales Tax Exceptions

Maine state sales tax does not apply for the first 750 kilowatt hours (kWh) of residential usage.

### Late Payment

The amount not paid by the Due Date on the bill will be subject to a late payment fee of 0.949% on the unpaid balance.

### Payment Arrangement

If you have trouble paying your bill, a payment arrangement may help. Please call customer service for more information.

### Delivery Rates

Maine's rates are approved by the Maine Public Utilities Commission. Copies of our rate schedules are available online at [www.versantpower.com](http://www.versantpower.com)

### Distribution

This recovers the costs of the local system - including poles, wires, and substations - used for delivery of power from the bulk grid system to your home or business.

### Transmission

This recovers the costs of the high-voltage system that transports bulk power.

### Stranded Costs

These include all remaining costs from electric industry restructuring, including power purchase agreements, Maine Yankee, and other costs.

### Public Policy Charge

This recovers costs of programs required by state policy, including the net energy billing program, low income assistance programs, and more recent long-term power purchase agreements.

### Conservation

Efficiency Maine Trust was created by the Legislature to deliver energy efficiency programs and services. It is funded in part by Conservation, a fee on electricity use.

## Your Supply Service
