- You may notice a higher supply charge on your electric bill this month. That's because the cost of electricity on the wholesale market has gone up - ComEd purchases this electricity and passes the cost to customers with no markup. If you get your electricity supply from ComEd, the increase will appear under the "Electricity Supply Charge" or "Capacity Charge" on your bill. If you have a different electricity supplier, the impact may vary depending on your agreement with them. While ComEd can't control this supply charge increase, we want to support you with tips and resources to help control your energy use and manage your monthly bills. - MYLAR BALLOONS & POWER LINES DON'T MIX! Every year, thousands of residents across northern Illinois are affected by power outages caused by Mylar balloons. If a Mylar or foil balloon touches a power line, it can cause power surges or service interruptions. Keep balloons tied securely while outside! If you see a balloon, or any object, caught in a power line, do not attempt to retrieve it. Call ComEd at 1-800-EDISON-1
