- You may notice a higher supply charge on your electric bill this month. That's because the cost of electricity on the wholesale market has gone up - ComEd purchases this electricity and passes the cost to customers with no markup. If you get your electricity supply from ComEd, the increase will appear under the "Electricity Supply Charge" or "Capacity Charge" on your bill. If you have a different electricity supplier, the impact may vary depending on your agreement with them. While ComEd can't control this supply charge increase, we want to support you with tips and resources to help control your energy use and manage your monthly bills. To learn more, visit ComEd.com/BillSupport.
- **POWERLINE SAFETY:** Water and electricity don't mix. Look for overhead power lines before casting a fishing line, using a pool skimmer or raising a boat mast. NEVER swim around docks with electrical equipment or boats plugged into shore power. Always keep yourself or any conductive material at least 10 feet away from power lines. Call 1-800-Edison-1 before working near power lines. Learn more at ComEd.com/Safety.
- **PROTECT YOUR PERSONAL INFORMATION:** Always be mindful of people trying to obtain your personal information such as ComEd account number or information on your bill. We will never ask for personal information or demand payment using mobile-pay apps like QuickPay, Venmo and Zelle, or prepaid cash cards. Learn more: ComEd.com/ScamAlert
