Your electric and gas bill for the period
August 21, 2025 to September 19, 2025

Both the "Wind & Solar" and "Qualified Fuel Cell" portions of the Renewable Compliance Charge above provide compliance required by Delaware's Renewable Energy Portfolio Standards Act. The Qualified Fuel Cells provide customers with approximately 31% of that compliance annually. For more on renewable and clean energy, visit delmarva.com/repasa.

Supply Charges: These charges reflect the cost of producing electricity for you. You can compare this part of your bill to offers from competitive suppliers. The class average annual price to compare is 11.84 cents per kWh.

Effective September 1, 2025, the average residential customer will see a monthly bill decrease of \$1.34 due to a decrease in the Transmission Service Charge. This charge covers the cost associated with moving electricity from power plants over high-voltage lines and towers to the distribution system.

You can help a Delmarva customer in need of assistance with their energy bills by contributing to the Good Neighbor Energy Fund. Simply pay exactly \$1.00 over your Delmarva bill amount and that dollar will be contributed to the Good Neighbor Energy Fund administered by a 501(c)3 non-profit organization in your community. Contributions must be exactly \$1.00 over the billed amount; amounts over \$1.00 will result in a credit to your account. Delmarva Power will also contribute \$1.00 to the fund for every \$3.00 in customer donations, up to \$70,000.
